

LIONS, TIGERS, AND BEAR!

February! Man, what an amazing month it has been, full of adventures and growing experiences. First we took a trip to Mexico City to work with one of the local congregations there. One of the places we would meet was a building known as the "Pink House" it was built a long time ago by the Sunset Church of Christ to house missionaries while they worked on that field. We did a LOT of walking, we were able to visit some local parks and we got to visit the Catholic Basilica which is the largest Basilica in this part of the world. We went to the top of the tower of Latin America which is the tallest building in all of Mexico! Mexico City is one of the largest cities in the world and has a population of over 33 million people. After our time in Mexico City we visited Toluca,

Mexico which is the home town of my team mate, Jaret Zepeda. While Toluca isn't as large as Mexico City, it is still really big with a population of about 3 million people. We were blessed with the opportunity to work with one of the local congregations there, helping them clean up, fix up and paint their building. At the end of our trip we stopped at the Pyramids and climbed to the top! When we got back we continued our classes, learning more about Paul's letters to Timothy, and how to work as a team and started a new class on Evangelism. I ask that you continue to keep us in your prayers, we have one week of classes left, some traveling and then in April we say goodbyes and start working on going to our fields!

LIONS, TIGERS, AND BEAR!

Yall are amazing and I thank you so much for all your support financially and spiritually! I thank God every time I remember you. In all my prayers for all of you, I always pray with joy because of our partnership in the gospel of Christ from the first day till now! Stay strong my fellow brothers and sisters! Fight the good fight and finish the race strong!!
