(THEY ARE COUSINS)

RIGHT: ELLEN AND RAFAEL

## Sharing His good news.....

April has been an extremely blessed month for us! Since we moved into our apartment at the beginning of April we have been opening our home to share meals and fellowship with our friends. Jenny has really enjoyed serving in this way. We have also started individual Bible studies with three different people. In the top left picture is Ermeson and Samara, contacts we made through Bible Club. Erick has had

one study with Ermeson; his heart is open and ready to hear the good news! Samara, Ermeson's cousin, isn't as open; She believes in reincarnation and spiritism. We pray that God will soften her heart to His word and that she will become one of His. In the top right is Rafael and Ellen. Ellen has expressed her desire to learn the truth; however, she also believes in reincarnation and in energy. She is heavily influenced by her

husband's, Rafael's, beliefs. He is spiritist and has participated in the studies to "support" Ellen. We don't have a picture of the third person, but her name is Marcya and we met her on the university while doing evangelism and had our first study this past week. She is very excited to learn about Gods word and we are so excited to share with her! Please keep these precious people in your prayers!

VISIT WITH GOOD FRIENDS

# AME and the University.

As mentioned in the last newsletter, Erick is teaching a class for the AME students every Thursday. In the mornings they are in the classroom studying evangelism using the book of Acts, and after lunch we all go to the university to evangelize. We split them into two groups, one does a questionnaire about the Bible, which leads to asking if the person would like to study the Bible or not. The other group came up with an idea to give free deserts to people that could answer two questions about the Bible. As you

can image that drew a lot of attention and we were able to make a lot of good contacts. At the end we have a devotional and invite everyone we meet to come and have a message based on "Who is Jesus." We have already started a study with one girl we met (Marcyia) and we believe many more are to come. It has been a great way for the AME students to already practice evangelism, and it also helps us immensely in getting our college ministry started!

## BIBLE FRIENDS

Ever since we moved here we had plans to start other Bible Clubs. Bible Club is a ministry that the church in Joao Pessoa has had at an English school for seven years. It has proven to be an effective ministry, so with an abundance of English schools in our area we thought it would be a good idea to start other clubs. We got in contact with a school very close to our house and the university, and we were able to start a new club called "Bible Friends." The picture below is the first class. We had thirty students! Yesterday we had our second class which had less but normally people filter out some because of either disinterest in the Bible our they can't keep up with the English. We are so excited about this new opportunity and for the people that will come to know Christ through Bible Friends!
